

i-POI® Combiners: New product Global Communication

CommScope announces i-POI® Combiners i-POI® Combining Module 4x 1:4 and i-POI® Combining Module 8x 1:2 available globally in [April 2017](#).

The CommScope's i-POI Combining Modules provide an integrated and simple solution for combining and splitting RF signals between i-POIs and interface modules, both optical and RF modules, of a distributed antenna system.

- Fit in every slot of the i-POI Subrack SR POI/8
- QMA connectors

CommScope will offer maintenance, repair and technical support for these products for 5 years from the date of discontinuance unless otherwise stated in your contract. Also, spare parts will be available for this period of time.
