

# Powered Fiber Cable Ordering Options: New Product

## Global Communication

The Outside Plant rated Powered Fiber Cable family is becoming more flexible to order. Previously only three length options were offered – 1km, 2km, and 4km lengths. New ordering part numbers have been created which now allow down to a 500 meter minimum order quantity, and freedom to place orders in various cut lengths similarly to how we currently offer for other bulk cable types. This will simplify the ordering process and allow more flexibility.

For example, “PFC-S02O12” can now replace these three-part numbers:

- PFC-S02O12-1000M (restricted to only 1000-meter length)
- PFC-S02O12-2000M (restricted to only 2000-meter length)
- PFC-S02O12-4000M (restricted to only 4000-meter length)

### Ordering Information:

Click Hybrid cables.

The 10 new part numbers are now available as follows:

| Part Number | Description                          |
|-------------|--------------------------------------|
| PFC-S02O12  | PFC, Singlemode, 2F, Outdoor, 12AWG  |
| PFC-S02O16  | PFC, Singlemode, 2F, Outdoor, 16AWG  |
| PFC-S04O12  | PFC, Singlemode, 4F, Outdoor, 12AWG  |
| PFC-S04O16  | PFC, Singlemode, 4F, Outdoor, 16AWG  |
| PFC-S12O12  | PFC, Singlemode, 12F, Outdoor, 12AWG |
| PFC-S12O16  | PFC, Singlemode, 12F, Outdoor, 16AWG |
| PFC-302O12  | PFC, OM3, 2F, Outdoor, 12AWG         |
| PFC-302O16  | PFC, OM3, 2F, Outdoor, 16AWG         |
| PFC-304O12  | PFC, OM3, 4F, Outdoor, 12AWG         |
| PFC-304O16  | PFC, OM3, 4F, Outdoor, 16AWG         |

The older “length restricted” part numbers will remain active until May 1<sup>st</sup> and can still be ordered.

NOTE: This change does not yet apply to the Indoor/Outdoor Powered Fiber cables, but we are working on improving those soon.
