

QUALITY POLICY

Committed to Excellence

Vision statement

From R&D and engineering through sales, operations and support—each employee will strive to continually improve the quality of the CommScope customer experience.

Policy statement

As market conditions change and technologies evolve, our customers expect solutions and services that exemplify quality. Customer interaction drives our business strategies, our quality objectives and our culture. On a daily basis, each member of the CommScope team will work diligently to surpass the expectations of our customers.

By relying on our integrity, our agility and our ability to innovate, we will promote a policy that:

- Utilizes a quality management system that meets or exceeds the ISO 9001/TL9000 international standards.
- Is routinely reviewed by our executive management team and clearly communicated to and understood by all employees.
- Establishes a strong foundation and a clear framework for continual improvement of our quality management system.
- Engages our customers, listening to their feedback and identifying their needs.
- Meets or exceeds all applicable statutory, regulatory and customer requirements.
- Supports our continuing commitment to provide the educational opportunities our workforce needs to provide outstanding solutions and services to our customers.
- Represents a realistic, balanced view of our ambition to pursue excellence and our commitment to help our customers achieve long-term success.

Eddie Edwards
President and Chief Executive Officer
