

Construction Products Regulation (CPR) compliant cables added in SYSTIMAX® Category 5e, 6, 6a, 7, and 7a portfolios: New Product

EMEA Region

We are excited to announce Construction Products Regulation (CPR) compliant cables in the CommScope SYSTIMAX® Category 5e, 6, 6a, 7, and 7a portfolios. CPR compliance is now required in all European Union member states and CommScope is committed to support CPR and fire safety of our cable products.

The CommScope SYSTIMAX® cables have been approved by authorized Notified Bodies and the Declaration of Performance (DoP) document for each cable is easily accessible via our online electronic catalog. Please consult product specifications for details on sub-classifications of smoke, droplets, and acidity ratings.

CPR compliant CommScope SYSTIMAX® cables are available for order now.
