

## MT dehydrators: Firmware Update

CommScope announces the release of the latest version of firmware used on MT050C and MT500D membrane dehydrators.

The update is available free of charge and can be downloaded from <a href="https://www.commscope.com/Resources/Software-Updates/">https://www.commscope.com/Resources/Software-Updates/</a>

Full instructions are included.

Although the dehydrator will require to be taken out of service for a short time during the upgrade process, there is no need to shut down the rest of the transmission system.
