Fiber Optic Entrance Cabinet, 6 Drawers, Wall mounted

- Provides splicing, administration and storage for outside plant (OSP) and intrafacility cables (IFC)
- Offers a cost-effective, space-saving alternative to splicing on the fiber frame
- Cabinets are designed for deployment in a building equipment area
- Bend radius protection and discrete subunit routing paths ensure easy installation
- Can deploy high count of stranded or ribbon fiber cables
- Ultra high density splice capacity dependent on splice tray used

Product Classification

Regional Availability
Australia/New Zealand | Latin America | North America

Product Type
Fiber entrance cabinet

Product Series
FEC

General Specifications

Access
Front

Cable Entry Location
Bottom | Side | Top

Cable Exit Location
Bottom | Side | Top
