VIP1113 | VIP1113 Compact IP Set-Top

Base Product

IPTV, AVC, Compact HD Set-Top

- Innovative, sleek design
- Cost-effective, environmental-friendly
- Wall-mountable
- Available with RF remote control unit for hidden installations
- Available with Micro SD card reader for local timeshift functionality
- Powered by the KreaTV operating system for openness, flexibility, and smooth systems integration

The innovative VIP1113 broadens the ARRIS IPTV client portfolio. The VIP1113 is a feature-rich yet compact set-top box available in a version that users can place behind their TV sets or in a concealed location, while still enjoying high-quality IPTV services such as high-definition broadcast TV, timeshift, on-demand and interactive applications, as well as over the top (OTT) services.

The VIP1113's compact design minimises energy consumption, keeps costs down and reduces its impact on the environment. VIP1113 is powered by the ARRIS KreaTV operating system, which integrates with current VOD, middleware, and Conditional Access (CA) systems. KreaTV provides open, well defined Application Programming Interfaces (APIs) for application development and customisation.

The KreaTV Software Developer's Kits (SDKs) offer operators, as well as third-party integrators, a fast track to high-quality, revenue generating digital TV offerings and value-added social media services.

Product Classification

Regional Availability	Asia	Australia/New Zealand	EMEA	Latin America	North America
Product Type	IP video device

General Specifications

Memory	128 MB Flash	512 MB DDR3
Processor	1200 DMIPS
Software Compatibility	ARRIS KreaTV
Tuner	IP
Video Formats	HD
Video Resolution	1080i	1080p60	720p

Electrical Specifications

Power Consumption	5 W

Environmental Specifications

Operating Temperature	0 °C to +40 °C (+32 °F to +104 °F)

COMMSCOPE®

Relative Humidity	8%–95%
Standards Compliance	CE	RoHS Compliant	WEEE

Packaging and Weights

Weight, net	0.15 kg	0.33 lb

COMMSCOPE®
