Personal

Born in Louisiana

Enjoys spending time with family, boating, skiing, golfing and traveling

I'm excited to join CommScope, a company with a legacy of innovation and industry leadership. I have great respect for all that CommScope has accomplished, and the team's relentless focus on delivering for customers while aggressively managing its cost structure. COVID-19 has highlighted the importance of network connectivity, and the need for products and services that continue to push the boundaries of reliability, efficiency and collaboration. I look forward to working alongside the team to drive growth, operational excellence, and value for our stakeholders.
